

CALL FOR YOUTH SOCIAL MEDIA TEAM

At the 6th Annual Cine Latino Film Festival

Presented by

The Film Society of Minneapolis St. Paul

A collaboration between the **Film Society of Minneapolis St. Paul** and **FilmNorth**, Cine Latino's Youth Social Media Team will be composed of 7-10 students, ages 13-19. The team will be directly involved at the Cine Latino Film Festival, to be held from November 8-11th at the St. Anthony Main Theater in Minneapolis.

Across 3-4 meetings in October leading up to the Festival, the team will explore the world of media marketing in film, including social outreach, strategy and the creative process. The team will develop social media content related to the festival, including social posts and interviews. At the Festival, the team will operate as the "eyes and ears" of Cine Latino, crafting content that highlights the festival's visiting filmmakers and audiences. The team will explore a diverse range of media-making, including video production, video documenting, crafting narratives, social engagement and more.

In the future, the team has the opportunity to further develop their skills and present their own film projects at Cine Latino 2019.
